

## Mikuni Show Room Update

The entrance of the conference room:  
You can overlook the Dye Works from the window in the back on the right.

Do you know about a show room at Mikuni production base? We have an exhibition corner for Sankei products at a conference room on the second floor at Mikuni Dye Works, the first place to let our customers in. The factory profile is explained first, then customers can actually touch displayed products at the exhibition corner before going a factory tour. Over 50 companies visit to Mikuni every year, and some partners having Mikuni factory tour as one of their employee training. Mikuni show room which can be a portal for Sankei. To get Sankei's environmental activities noticed, the lineup has been updated with RENU, eco-friendly liner, labels, CLOTHERE, LIMEX and so on.

## Sankei's Scoop!?
